☐ c) d and e

☐ d) b, c and e

Solution:

In (a), 'they' is incorrect. Inland west is one entity, hence, the correction is 'it'. In (c), 'teaming' is incorrect. The correction is 'teaming up'. In (e), since the verbs are in the future tense 'will analyse track and keep a watch,' 'are responding' is incorrect, it should be 'respond'.

- ☐ a) a and c
- ☐ b) a, b and e
- ☐ c) c and d

☐ d) b and c (Correct Answer - ✓)

Solution:

Statement a is incorrect because the end of the sentence should read '..... prevents the poor ' to be parallel to '..... institutionalizes inequality '. In sentence d, since the situation is current, the present tense needs the present perfect, i.e., 'have ensured' instead of 'ensured'. In statement e, the infinitive to 'compete' is linked to two phrases that are joined by the conjunction 'and'. Hence the correction of the error 'not providing' is 'not in providing'. Statements b and c are correct. Choice (D)

Solution:

Statements b, c and d are correct. In a, the preposition 'with' is missing. Someone is provided 'with' an opportunity. Statement e makes a suggestion based on the assumption that the students have not explored the country. Thus, the phrase "may have missed out" should be "may have missed out on".
